“Understanding Financial Statements” – 10th Edition or
Textbook Pricing: See Next Page for Details

Topics Covered:

This college accredited introductory course on financial statement analysis provides you with a fundamental understanding of how to interpret accounting data presented in financial statements issued by corporations. Understanding Financial Statements, retains its reputation for readability, concise coverage, and accessibility, and gives students the conceptual background and analytical tools necessary to understand and interpret business financial statements. Its ultimate goal is to improve students' ability to translate financial statement numbers into a meaningful map for business decisions and enable each student to approach financial statements with enhanced confidence.

Prerequisite:

N/A

Financial Statement Analysis Course

Course Material: Textbook

“Understanding Financial Statements” – 10th Edition

NACM BCS understands that the financial obligation of textbooks can be overwhelming for students. We have looked up some other options to help find ways to save you money. Students will be using the 10th edition. This textbook is mandatory and required by NACM National’s guidelines. I’ve included the textbook ISBN, edition, & authors below to help guide you on your textbook search. NACM encourages you to find the best rate you can. Please order your textbook on your own. I’m not sure of the textbook quantities available through Amazon but I highly recommend ordering your course materials as soon as possible to ensure they arrive on time for your class. Please note that you can rent the textbook through Amazon in some locations. If you’re a Prime Amazon Member 2 Day shipping is fast & free!

Amazon’s Estimated Costs: See Below

Textbook Rental: \$22.38

Used Textbooks Options: Starting at \$10.00+

New Textbook Options: Starting at \$25.00-\$112.00

Textbook rental is a great option to save money. It allows you to rent the book for an entire semester for up to a 1/3 of the actual cost of the textbook. The cost for this textbook has dropped since last year so now purchasing a used or new textbook may be the way to go.
